

## THE BATTLE HYMN OF THE REPUBLIC

Mine eyes have seen the glory of the coming of the Lord:  
He is trampling out the vintage where the grapes of wrath are stored;  
He hath loosed the fateful lightning of His terrible swift sword;  
His truth is marching on.

*Chorus:* Glory, glory, Hallelujah! Glory, glory, Hallelujah!  
Glory, glory, Hallelujah! His truth is marching on.

I have seen Him in the watch-fires of a hundred circling camps;  
They have builded Him an altar in the evening dews and damps;  
I can read His righteous sentence by the dim and flaring lamps;  
His day is marching on.

*Chorus.*

I have read a fiery gospel, writ in burnished rows of steel:  
"As ye deal with my contemners, so with you my grace shall deal;  
Let the Hero, born of woman, crush the serpent with his heel,  
Since God is marching on."

*Chorus.*

He hath sounded forth the trumpet that shall never call retreat;  
He is sifting out the hearts of men before His judgment seat:  
Oh! be swift, my soul, to answer Him! be jubilant, my feet!  
Our God is marching on.

*Chorus.*

In the beauty of the lilies Christ was born across the sea,  
With a glory in His bosom that transfigures you and me:  
As he died to make men holy, let us die to make men free,  
While God is marching on.

*Chorus.*

—Julia Ward Howe

## The Rapid-Fire Adding Machine

*The Comptometer is the Machine  
Gun of the Office*

**I**T'S quick, one-motion, direct-key action—its adaptability to every form of arithmetical calculation—Adding, Multiplying, Dividing, Subtracting—its superior speed and accuracy on *each* of these operations—make it a wonderfully effective machine for marshalling the figure facts required in business.

Whether it be firing or figuring, the thing that counts is the increased power of the human unit. By its accurate, dependable, high-speed work, the Comptometer multiplies human power—two, three—even four-fold on some work.

The Controlled-key allows no slighted key-stroke to pass unnoticed. With it on guard, even a novice cannot operate the Comptometer imperfectly.
